

ONE

Written by Phil Needham

As we all come together to sing a brand new song
The melody will lift us and go on and on
One voice, one voice, one song, one song, one hope, one hope
Don't let it go, let it go
One voice, one voice, one song, one song, one hope, one hope
Don't let it go, let it go as we feel the sun

One voice, one song, together we all feel the beat
One heart, one soul, together sing in harmony (*harmony tune*)
One voice, one song, together we all feel the beat
One heart, one soul, together sing in harmony (*harmony tune*)

As we grow up together underneath one sun
We need to know that this world is forever
And as we come together to sing a brand new song
The melody makes us glow in the light as we feel the sun

One voice, one song.....

And as the day is ending and we can't see the light
We need to know that this world is forever
And when the journey's over with nowhere else to run
We need to know we can search through our memories and feel the sun

One voice, one song.....
