

Rook's Nest Academy Homework

Class 3M

Week beginning: 29/6/2020

For literacy and maths your work will be based on that provided by: <https://www.thenational.academy/online-classroom>

When you click on this link you should see the word 'Schedule' (in a green bubble) at the top right hand side of the page.

Click 'Year 3', then scroll down to find 'Week 9'. Start with 'Monday', even if you are beginning this series of lessons on a different day. It is important that you do them in the order of the days of the week.

You will see that the work for English (literacy) this week is all about **writing a newspaper report**.

The maths lessons this week are continuing to be based on **capacity and volume, including problem solving**.

On the timetable below you can click the link for each day, and it will take you to the correct lesson.

I understand that some of you will find the work quite easy and some of you might need lots of help. All I want you to do is have a go at doing the activities and see how you get on – don't worry if you get stuck or need help. If you do get stuck, look at the other activities I am suggesting on the timetable below, or go back and choose something you have not done from the previous weeks. As long as you are practising some of your maths and literacy skills, and trying your best, that is fine.

You should be reading for at least 15 minutes every day. This should include reading aloud to an adult if you can. Log on and do an Accelerated Reader quiz when you finish your book. Remember that you can access this from the Rook's Nest Student Start Page on the school website. You can re-read your books of course! Re-reading a book is like visiting an old friend! However, once you have taken a quiz on that book, you can't re-take the quiz from home.

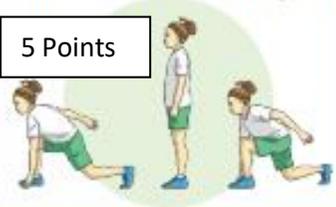

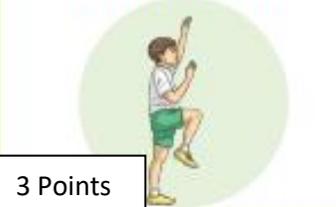

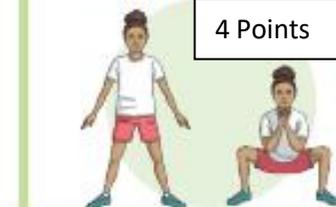

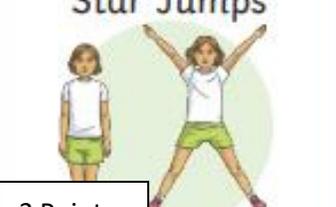

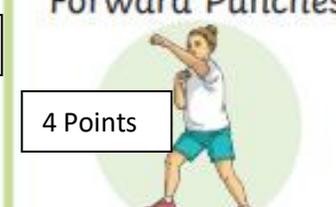

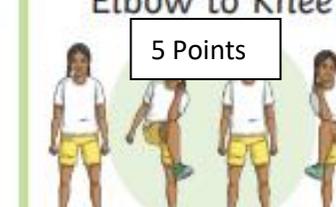

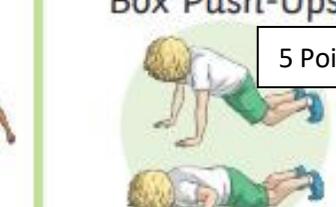

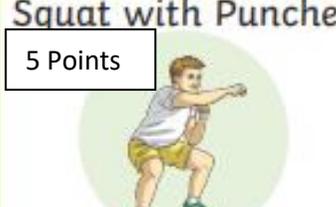

Remember that daily lessons can also include sessions on Lexia, TT Rockstars, Prodigy and Education City as well as PE lessons such as that run by Joe Wicks, (now showing live only on Monday, Wednesday and Saturday) or have a look at Cosmic Yoga, if you want to try some PE that is a little less strenuous.

You will need to take breaks and make sure that you take daily exercise.

Stay safe and keep busy!

Mrs Milfull

You will be using the correct scientific vocabulary to name the different parts. If you have not tried out these science lessons before, go back to the first lesson, which was about investigating the conditions a plant needs to grow, and work from there.</p>

It tells you the French words for the months, and that ‘C’est les douze mois dans l’année’ (It’s the twelve months of the year).</p>

I knew all the answers. I hope you do too!</p>
Thursday	https://classroom.thenational.academy/lessons/key-feature-spag-focus	https://classroom.thenational.academy/lessons/solve-problems-involving-capacity-and-volume	<p>PE: Points accumulator Who in your family can score the most points? Look at the card on the next page. You will see that each of the activities is worth a number of points. You need to do 30 seconds of each of the activities you choose. You can choose any number of activities. Choose the activities you want to do and count up your points. Aim for at least 20 points for each session of activity that you do (e.g. one per day).</p>
Friday	https://classroom.thenational.academy/lessons/to-use-key-features-in-order-to-write-own-composition-2042b6	https://classroom.thenational.academy/lessons/solve-problems-involving-capacity-and-volume	<p>Art: Portraits We had a go at drawing a self-portrait way back in September. We took a photo of ourselves in a particular mood and tried to reproduce it using pencils. I wonder if your artist skills have changed since then? Have a go at drawing a self-portrait. Don’t worry if you only have one pencil – you can press on heavily or lightly to get different shades. You can take a photo first if you want – it might be easier to copy than looking in a mirror. Perhaps you could also draw a portrait someone in your family.</p> <p>Remember – I would love to see any of the work you are doing! Some of you have sent me some great work – especially of your potato prints and Lego models. I also enjoyed seeing the Guide Dogs work from before the holidays, too. Well done to those of you who are keeping up with Lexia, Times Table Rockstars, Prodigy and Education City. Some of you have made some really good progress – well done. Please send a photo of any completed work to: headteacher@rooksnest.wakefield.sch.uk</p>
